

Our new home takes shape

THE Nunawading Community Hub, future home of U3A Nunawading, is fast taking shape on the site of the former Nunawading Primary School on Springvale Road.

The Hub design is based on feedback received from the various community groups currently operating out of Silver Grove that will move into the Hub when it opens. Key features of the building will include:

- refurbished heritage school building
- multi-functional classrooms and meeting rooms
- specially-fitted out spaces for dance, art, counselling and lapidary activities
- purpose-built Meals on Wheels facility
- communal kitchen with teaching area
- multipurpose sports stadium
- target 5 Star Green Rating (incorporating solar, water reuse, natural light, low energy, natural and durable materials)
- car parking areas for 200+ vehicles

- integration with Tunstall Park – landscaping, enhancement of open green spaces, new pedestrian and cycling paths, and areas for passive recreation

The project budget is set at \$28.72 million and will be fully funded by Council over three financial years.

The Hub will be shared with other local community groups such as the Lapidary Club, Meals on Wheels and Whitehorse Arts Society. However, U3A will have its own Administration area and Reception Desk.

We expect to move into our new home at the beginning of either Term 2 or 3 next year, depending on progress of construction and fit-out and will have a clearer idea of our actual move date later this year.

Once we relocate, no classes will be held in our current Silver Grove facilities. Some activity classes such as table tennis, bowls and golf will continue at the existing facilities.

There will be a similar amount of parking as we currently have, with entry to the public carpark via Esdale Street. There will also be

on-street parking in the streets surrounding the Hub complex.

For those who travel by train to Nunawading Station, the Hub is approximately a 15-minute walk north up Springvale Road. Alternatively, members can take the 902 bus, which runs every 15 minutes from Nunawading Station along Springvale Road for two stops to the Hub.

Please feel free to talk to the Committee Members on duty at the office about the Hub and we will endeavour to answer any specific questions you may have. We will also be communicating more detailed information about facilities at the Hub and how we will operate there in the coming months.

You can also keep up-to-date with construction by visiting the Whitehorse Council website page: <http://www.whitehorse.vic.gov.au/NCH.html>. The webpage includes construction progress photos, which are located in the Photo Gallery (found on the bottom of the webpage).

*Valerie Donlon
President*

President's Message

Dear Members

WELCOME to the mid-year edition of our quarterly newsletter and thank you to members who contributed articles. As you can imagine, with over 2000 members we put a lot of effort into keeping everyone informed about what's going on at our U3A. These days we have to rely on email, our website, noticeboards and notices in Leaders' pigeonholes to be read to classes. Please make sure you do your part in keeping up-to-date with what's going on, not just with your classes but within the organisation more broadly. After all, we are a community, not a service, organisation.

Congratulations to Class Leader and Office Volunteer Leonie Scott on her 2019 Deakin Community Award. Leonie is a great example of the volunteering spirit at U3A and is always ready to step up when anything needs doing. *See page 4 for details of Leonie's award.*

Annual General Meeting

The U3A Nunawading AGM will be held on Wednesday 21 August, when elections for all office bearers and ordinary Committee of Management members will be held. If you think you might be interested in joining the Committee or are just interested to learn a bit more about the work it does, please contact me, or any of the other Committee members on duty at the front office.

Afternoon Talks

Our Springfield Ward Councillor Ben Stennett has kindly offered to present two talks at U3A:

- Whitehorse Council 2019/20 Budget on Wednesday 26 June at 4pm in the Namatjira Room
- History of the City of Whitehorse on Wednesday 28 August at 4pm in the Namatjira Room.

Combined Concert

For the musically-minded, a U3A Eastern Region Choral Concert will be held on Sunday 16 June from 2pm – 4pm at the Mountview Uniting Church, 559 Whitehorse Road, Mitcham. The concert will feature choral groups from U3A

Box Hill, Croydon, Emerald and Nunawading. Tickets are \$5 and available at the door.

Class Donation

Well done to Line Dancing Class Leader Herminia Harrison for raising \$100 for the Olivia Newton-John Cancer & Wellness Centre. One of Herminia's more original fundraising initiatives was to impose a 20-cent fine for class members who were not wearing their U3A badge!

Social Committee calls it a day

On behalf of the Committee of Management, I wish to thank Social Committee Convenor Jillian Gale and members of her committee for their contribution to U3A. After many years of working hard planning and putting on social events for our members, the Social Committee have decided to disband. The current and former members of the group worked tirelessly to create a variety of activities each year to entertain our members and give them an opportunity of meeting socially outside class. Once we are established in our new premises we hope to be able to offer a range of social events each year utilising the Hub's facilities.

Valerie Donlon

19ART022

History of Women in the Art World

Leader: Martin Roulston

Monday, MPR, 2:30 – 3:30

This course will look at:

- women artists through history, their opportunities, influences, styles, techniques and struggle to be accepted.
- the depiction of women in art through history.
- prehistoric art through to modern art.

LEFT: Self Portrait of the Artist Hesitating between the Arts of Music and Painting – Angelica Kauffmann (1741–1807)

Course Administrator's Report

Exercise Leader Bev Baseden took up the challenge to hold her Fit & Active 2 class outside on the Tennis courts.

Course Administration: We welcome Ken Briscoe to the Course Admin team. Ken brings with him extra skills that will help us in managing the workload of our more than 2000 members.

Apologies: At this time of the year you need to advise either class leaders or the office if you are going on holidays. Otherwise, on your return you may have lost your place. Email your extended absence to coursesec@u3anunawading.org.au.

Waitlists: Many are on class waitlists. If you were on the waitlist for a Beginners language class you will have been removed as the class will have progressed by now. Also if the waitlist is very long you won't be accepted this far into the year. If you do not wish to stay on the waitlist of any class please email coursesec@u3anunawading.org.au.

Classes closed: You may find there is no box available for you to tick to enrol in a particular class. This is because the waitlist is very large and you will not be accepted in 2019.

New Classes commenced in Term 2: If you are interested in any of these classes you can enrol online or come into the office and fill out an orange form:

19ART031 Watercolour 3 Beginners. Friday 1.00 to 3.00

19DAN006 Ballroom Dancing 4: Advanced Techniques. Thursday 2.30 to 4.00

19EXEM14 Tai Chi 1A. 24 Simplified

Form. Wednesday 12.30 to 1.30
19HUM003 Consumer Advertising. Wednesday 1.15 to 2.30

19LAN022 ESL: Translation to English Tuesday 12.00 to 1.00

19SCI008 Marine Navigation. Tuesday 9.30 to 10.30

19GAM010 Rummikub will start, Monday 22 July 1.45 to 3.45

New class Term 3

19ART022 History of Women in the Art World (*see details on page 2*)

Reminders:

- If attending classes at AdventCare, do not park in Brenda Street or Brenda Court. You can park in Laughlin Ave, Central Road or within AdventCare. You can enter from Central Road near the bookshop (133) take the first right hand turn, continue through the sealed car park behind the bookshop until you reach the area where cars may be safely parked. Once parked, cross the pedestrian bridge and proceed towards the Activity Centre.
- Mobile phones are to be turned off or to silent whilst you are in class.
- Show respect for Class Leaders who take the time to prepare and hold classes by being punctual and not leaving early. If you are a regular late comer you may be asked to leave the class as it is a disruption to not

only the leader but also to the members of your class.

- Name Badges must be worn at all times whilst you are at U3A. Please make sure you have the details filled in on the back of your badge. We have had a need to call an ambulance on a number of occasions this year and those who have had these details listed made the Ambulance officers' role much easier. On that note if you have a fall, collapse or injure yourself whilst at U3A, we will call an Ambulance and notify your emergency contact.
- Cold and Flu season is here. Please be aware if you have a cough, cold or any flu like symptoms, do not come to class. This is one occasion we do not promote sharing, but do remember to let us know you will be away.
- Emails from U3A: Please remember to look in your Spam/Junk mail.

Thank you to the Exercise Leaders Dianne Michael and Bev Baseden, who took up the challenge to hold classes outside when there was a problem with the stadium lights.

A number of members asked can we do this more often as they really enjoyed the experience of being outdoors.

*Elsie Mutton OAM
Course Administrator*

Deakin celebrates Leonie

(BELOW): Leonie shows her Award, with U3A Nunawading president Valerie Donlon.

CONGRATULATIONS to Leonie Scott who received a 2019 Deakin Community Award in April for her contribution to U3A Nunawading and other community organisations. She has lived in the Deakin electorate all of her life and her family was one of the first European families to settle in the area in 1855.

Leonie joined U3A Nunawading in 2011 and became a Leader in her first year when the then Leader of *Drawing in Pen and Ink* was not able to continue. She has been a Leader of this class ever since.

She has also contributed to our social events as a member of the Social Committee, which she joined in 2015. She had enjoyed staying behind and helping to clean up after social functions, which led to her being invited on to the committee. She remained as an integral part of this committee for four years, resigning at the end of 2018 for medical reasons, but was still happy to help out as needed.

As a very enthusiastic Front Desk Volunteer, Leonie welcomes members, answers a wide range

of questions, shows members to their classes, takes phone messages and carries out general office duties.

Leonie attends a wide range of classes including *Ancient Egyptian History*, *Colouring for Relaxation*, *Card-making*, *Qi Gong* and *Chair Exercises* and assists the Leaders of these classes by unlocking, setting up class rooms when necessary, and locking up.

Leonie also volunteers at St Johns second-hand bookshop in Mitcham. She was very involved with Neighbourhood Watch for 10 years, including as Secretary, and was awarded a City of Whitehorse Volunteer Award about 10 years ago.

Commenting on her award Leonie said, "I am so lucky, because I had never heard of U3A until after I left work and had so much time on my hands. A friend suggested I look into joining the organisation and I can honestly say I have never looked back. I enjoy all the classes I have participated in and am just so much better for meeting such a lot of terrific people from all walks of life."

Afternoon Tea Concert

Join the Silver Grove Swing Band for an afternoon of toe-tapping music & yummy Afternoon Tea.

**Sunday 25 August, 2-4pm
Eley Park Community Centre,
87 Eley Road,
Blackburn South**

**Book at U3A Nunawading Office, Silver Grove, Nunawading (bookings essential)
Cost \$10, payable when booking.**

BOTANICALLY BLESSED

A group of 41 members visited the Royal Botanic Gardens Cranbourne on Friday 22 March enjoying the comfort of the air-conditioned bus. The weather was kind and cooler in the morning.

The gardens are well-planned and the first view of the red desert landscape is quite striking. The paths wind around showcasing beautiful Australian plants and lead to tranquil lake areas and an amazing beachscape with birdlife and a simple waterfall and bridge. Small children were enjoying paddling in the man-made creek area with their parents.

Some of our group took advantage of the little mobile train to take them around with the driver giving

a commentary. The café provided coffee and lunch to those who chose to take part or enjoy their sandwich on the many bench seats placed around the gardens.

We spotted beautiful firetail finches and blue wrens and were on the lookout for snakes as there were strategic signs warning that they might be sunning themselves somewhere along the track.

Our group walked up to the Trig Point which gave a view to Port Phillip Bay, Western Port Bay and the Dandenong ranges. It was a little hazy but still a beautiful view.

Jillian Gale, excursion leader

Member Matilde Margon poses with one of the boabs.

Farewell Judi

WE are sad to report that former Class Leader Judi Millar passed away on Saturday evening 2 March 2019 at the Austin Hospital after suffering with cancer. She was a very active participant in U3A over the past decade. During this time she was leader of the Nordic Walking group, where members walk with walking poles exploring many wonderful bush and parkland areas across the eastern suburbs.

Judi's husband died at a young age and she not only brought up her own but adopted other children as well. After the five children had eaten their dinner and gone to bed, Judi rode her push bike from Doncaster to the Epworth Hospital where she worked as a night shift

nurse. She'd then ride home in time to get the kids off to school.

Some years ago, Judi had a nasty car accident after which she was told that she would never walk again. To prove them wrong she started walking with poles, and from there she joined and then led the U3A Nordic walking group, from which many people have benefitted and enjoyed over the years.

Judi handed over the walking poles to Peter and myself in Term 4, 2017. We hope to pass on to the group Judi's love of walking and her persistence in the face of extreme odds. We will think of Judi as we continue her legacy.

Kathy Leitch, Peter Rickards and the Nordic Walking Group

SUMMER SCHOOL VISITS THE DULDIG STUDIO

WE were welcomed at the studio in East Malvern by volunteer staff and treated to a delicious traditional Austrian morning tea before watching a DVD presentation about the Duldig family. And what an amazing story it was, narrated in part by the Duldigs' daughter Eva, who now lives "down the road"!

Eva's father Karl, a sculptor and international soccer player in Vienna, was later an accomplished tennis player. He met his wife Slawa at art school and they soon married. She was a talented painter and designer; in fact, she invented the folding umbrella in 1929!

In 1938 when Austria was annexed into Nazi Germany, Karl left for Switzerland, ostensibly to play tennis. He somehow managed to arrange a visit for his family and thus they escaped the fate of many Jews. Their furniture, treasures and artworks were hidden in the Paris basement of Slawa's sister.

The family moved to Singapore; in 1942 the British told them to get out as quickly as possible. They landed in Australia and were interred as aliens in Tatura. It is hard to imagine how a cultured, artistic family coped with such conditions, but Karl was a creative and lateral thinker. He sculpted in wood, organised playthings for the children and even cut down his own tennis racquet so that Eva could start playing at three years of age! Once they were in Melbourne, she was coached by her father with advice from Harry Hopman, reaching the semi-finals of the Victorian hardcourt championships. She became the Victorian Schoolgirl Champion and a doubles winner. In 1961

she reached the third round of Wimbledon in singles and reached the quarter finals in doubles. That year, in Israel, she met Dutchman Henri de Jong, married him the next year and represented the Netherlands in 1962 and 1963, reaching the quarter-finals before being beaten by Billie Jean King.

One day Slawa received a white business card in the mail with a Paris address on it. Until then they had no idea if Slawa's sister and husband had survived the war. All their furniture, furnishings, paintings and sculptures were intact in the basement of the apartment and were sent out to Australia, with only one glass being broken! The house we visited is full of these treasures, including the silk curtains in the sitting room. Karl's studio in the back garden is exactly as he left it – full of sculptures finished and unfinished and the garden is dotted with his work.

The Duldig Studio, which was founded by Eva in 2002, is a not-for-profit museum and art gallery in the old family home. It is often used for musical recitals and is open by appointment for tour groups. There is an Open Day on the second Sunday of every month where entry is by gold coin donation. If you have never been there, I can highly recommend it. See <https://www.duldig.org.au>

Thanks to Elaine Forde for organising such an event and to this year's Summer School Committee for such a varied and interesting program.

Karen Postill

Statues in the Duldig garden

a stitch in time

NEEDEWORK class member Stephen Adams was awarded first place at the recent Knox U3A handcraft competition. He won the fibre craft section with a white work stitchery of an African woman wearing a headdress.

The retired engineering department programming manager was looking for something to do while listening to music or watching television. And after watching a program about quilt making he decided to have a go at making one himself, but he would first need to learn how to sew.

Stephen applied for the Needlework class and received a phone call from then leader of the Needlework group, Lesley Halstead, who asked if he was serious as there had not been a man in the class for years, if ever.

"I said I was serious and seven years later I am still learning to sew and perfect many types of embroidery stitches", he said.

"The ladies in the class are very supportive of me although there are some "in" jokes about men.

"I do enjoy the time I spend of an evening sewing. I find it relaxing when a piece is completed and I have something to show that I'll eventually pass on to my grandchildren.

"My involvement in the embroidery class has given me an insight into and appreciation of the incredible skills of "ordinary" women through the centuries whose work was performed without modern equipment or lighting."

End of an era

ROB Ellis, the Leader of the Military History class, recently stepped down after 12 years at the helm. On 4 April, Reg Roberts and Neville Betts, gave congratulatory talks on those early start up days and Rob's outstanding contribution to a successful history forum. This was followed with our President Valerie Donlon presenting him with a cheque, the proceeds of a class collection – Rob kindly donated it to the Smith Family. Rob's wife Rosemary was in attendance and received flowers from the class.

Ode to U3A

I am a U3A person
I like it very much
With matters intellectual
It keeps us in touch.

The saying "A healthy mind
In a healthy body"
Of the Ancient Greeks begotten
Has not been forgotten.

The atmosphere is friendly
And we treat each other gently
Friendships are made each day
We all enjoy our classes come what may.

Our U3A is a happy place
And presents a cheerful face
All those concerned are willing volunteers
So let us give them all three cheers
Cheers! Cheers! Cheers!

Savvas Athan

HAPPY Birthday U3A Online! It began in 1998 when a group of U3A members in Canberra, during the Year of the Older person, instigated a project to set up an online service for isolated people who could not access a local face-to-face U3A.

This isolation grew to include those who were disabled, or confined to their homes as carers, or simply too far away from their nearest U3A.

From the beginning it was seen as a national project with the potential to involve international members. Because of its close proximity, New Zealand was always regarded as a partner.

The project was started by three prominent U3A members – Dorothy Braxton, Dr Rick Swindell from Griffith University, and Dr Jack McDonnell who was one of the founding fathers of U3A in Australia. Gradually, representatives from all other States and Territories also joined the group.

This was not an easy task as no funding was available at first and members were not as computer literate then as they are today.

However, after a long process of consultation and submissions to the Federal government, a grant of \$120 000 was gratefully received.

The grant enabled the setup of a website and appointment of a paid coordinator in Canberra. Two U3A members volunteered to rewrite courses they had delivered at their local U3A; these were the basis of a trial program.

Within a few weeks of opening in late February 1999, isolated people from across the country were expressing their desire to participate and within a month 150 had enrolled.

Although no longer funded by the federal government and depending largely on membership fees, U3A Online has continued to provide learning for pleasure for seniors who cannot access a local U3A, or simply prefer to study at home.

With over 1000 members from many countries around the world and over 60 courses in a variety of subject areas, U3A Online is bound to last for many years to come. Happy 20th Birthday U3A Online!

The puzzle master delves into his own brain

6 Aug, 11am – noon at Ian Potter Auditorium

Hear ABC Radio's David Astle discuss his Florey MRI scan during which he attempted to answer some recondite questions. As well, we will learn from Dr Chris Tailby about how we can locate fear, appetite, memory and advanced thinking using the MRI. Come along and meet David, who will be signing his book *Rewording the Brain*.

For more details and to book your place visit
www.florey.edu.au/events

Your 2018–2019 U3A Nunawading Committee of Management

How we are governed

As a member of U3A Nunawading you may sometimes wonder who makes up the rules about how we operate or if we have a policy on a particular matter you may be specifically interested in. All of this information is available to you and the general public on our website as well as in printed form at our Silver Grove office.

As an incorporated Association, U3A Nunawading is governed by its Constitution & Rules,

which were passed by members at our 2017 AGM and subsequently approved by Consumer Affairs Victoria.

To assist us in our day-to-day operations we also rely on a number of policies formulated and approved by your Committee of Management.

U3A Nunawading's policies and Constitution & Rules can be found on our website www.u3anunawading.com.au on the Constitution and Policies page.

In addition to our Constitution you will find policies on our Code of Conduct, Privacy Statement, Member Fees & Charges, Conflict Resolution, Occupational Health & Safety, Sexual Harassment, Duty of Care and Heat.

If you have any questions about any of this information, please feel free to contact me at any time.

*Valerie Donlon
President*

485/18 Controls_V4_28.11.18

PARTICIPANTS WANTED

MILD BRAIN STIMULATION TO INVESTIGATE MOTIVATION

The Monash Alfred Psychiatry Research Centre (MAPrc) is currently seeking healthy right-handed adult participants (between 18-65 years) to take part in a study investigating the effects of brain stimulation on motivation.

The study involves the use of transcranial alternating current stimulation (tACS) which is a safe, painless and non-invasive means of stimulating nerve cells in the brain.

Motivation will be studied via a computerised task and brain activity will be monitored using EEG, which is a safe, non-invasive method of recording brain function.

Participants will be required to participate in three separate sessions. The first session will last approximately 3 hours. The remaining two sessions will take approximately 2 hours to complete.

Potential participants will be screened prior to their involvement in the study to ensure that they are eligible to take part. Participants will be reimbursed to cover travel expenses for each session.

If you are interested in participating, or would like more information please contact Marie-Claire Davis:
E: marie-claire.davis@monash.edu | P: 0435 940 161

Table tennis: Game on!

TABLE tennis – ping pong, bash the ball, hit and giggle – I can report that a longstanding group of U3Aers of varying ages, get together each Tuesday (10am–noon) at Kilsyth, and thoroughly enjoy themselves. The first term which whizzed past strangely didn't seem real as Riet Olifers, ably assisted by husband Tom, wasn't running it. Riet had been the hugely successful team leader for the past 15 years. A tremendous achievement and one that I can only marvel at. Many thanks Riet *and Tom*, of course.

This year started with a bang as the hall fees went up by a whopping 25% and consequently we had to increase members' weekly subs by a dollar to \$5 a week on top of the annual subs – not one complaint I am pleased to say. We have 10 tables for play and most weeks at least six or seven are full and, as with most classes, holidays and grandkids take their toll. Skill levels vary from basic right up to "not too bad" for some players so most standards of play can be had. Using the "got to start sometime" approach we can also accommodate learners and give them the ever so valuable time on table to progress and improve. There is always a break for refreshments mid-way through the session. I nearly said we take a breather but the quantity of hot air expelled in the smoko room could fill a hot air balloon at times – okay, most times. Nuf sed!

The photos show some of the facilities that we enjoy; good and consistent lighting coupled with a non-slippery floor within barriers, all add up to a good time to be had. Running around chasing wayward balls is therefore restricted and weather is of no importance 'cos we are indoors. Admittedly it can get a bit on the warm side sometimes, but it doesn't spoil our overall enjoyment.

On the other end of the scale winter can be a bit nippy encouraging faster play. First term started with a bang with very high 30s outside but a tolerable temperature inside the hall. However a few days later that dropped to way below 20° but we are a hardy bunch so shivered a bit and played on.

Many thanks to member Albert Tay for taking the photos, even capturing some of the speedy mob dashing and bashing those little celluloid balls. A word of warning to anybody contemplating joining us – keep well clear of the 80 year olds 'cos they mostly fall into the "not too bad" category and will whip the pants off you. I have not mentioned the over 90s group as I find it embarrassing to be thrashed on the tables!

There are always a few spaces to be filled so if you are at a loose end, venture out to Kilsyth and try a bit of Table Tennis for a moderate weekly fee; we can even loan you bats to bash those balls.

*Words by Team Leader Colin Smith
and photos by Albert Tay*

Are YOU safe online?

IN Term 3 there will be several opportunities to learn more about how to keep safe from attacks by hackers, scammers and other online security threats. Each of the following are one-off information sessions and apply to all your connected devices: your Windows or Mac computer, tablet, iPad, Android or Apple mobile phone. Enrol in all sessions and make it a course or enrol in single sessions to suit your needs.

- Online Safety – what do you need to do to keep safe?
- Don't Be a Wally On Line – don't get caught by scammers!
- Backup Your Computer
- Safe Settings – for your WiFi and browser

- Update Your Passwords (spoiler – the rules have changed in the last year or so)

We're also running many of our popular courses again. Check out the list!

Want to know more and enrol?

All Term 3 short courses and single information sessions are listed on the UMAS database. [View the computer courses online](https://u3anunawading.com.au/courses) or download a copy of the course descriptions from our website at <https://u3anunawading.com.au/courses>

To enrol online you need to log in to access your record. Alternatively, you can pick up a copy of the Term 3 Computer Courses guide at the Silver Grove office and enrol there.

Car Park Courtesy

MEMBERS who drive to U3A classes at Silver Grove know that we have a very busy car park around the Nunawading Community Centre and sometimes members feel under pressure to quickly secure a vacant spot.

Possibly as a result, we are receiving an increasing number of complaints from members who are finding it difficult to get into or out of their cars because the driver of the car parked next to them has parked at such an angle as to leave very little space to open car doors.

When you get out of your car to go to class, please quickly check that you have parked well within your bay and, if necessary, get back into your car and straighten it up.

Even more worrying though is that a number of members have recently reported finding damage to their cars in our car park such as side scrapes, damaged wing mirrors and damaged bumper bars with no note from the person who caused the damage.

Unfortunately, minor accidents happen but if you do hit another car in the car park please leave a note to say who you are and your contact details.

Everyday life can be challenging, but surely at U3A we can all be a little more thoughtful towards each other. It is true that we are not the only users of the car park but during weekdays most of the cars belong to U3A members.

2018/2019 COMMITTEE of MANAGEMENT

President:	Valerie Donlon	Frank Baseden	Lindsay Glen
Vice President &		Paulina Chong	Irma Ivcovici
Course Administrator:	Elsie Mutton	Sue Ebert	Andrew Lockwood
Vice President:	Liz Hooper	Barbara Gardiner	David Patston
Secretary:	Lorraine Sterling	Andrew Gee	Leo Sargent
